I graduated at Pamukkale University. My score is 3.00 of 4.00. I learned a lot of things along university times. Some of these , Analytical Thinking, Imagine of mind 3D parts before CAD-CAM. My favorite hobby is watch F1 racing. I think they are advanced level of engineering. May be in the future, I want to be there. I just focused my improvement. For instance, I am trying to improve my English proficiency. On weekends, I go to Language School in Izmir. I am Pre-intermediate(B1) now.
